## Faculty Expectations

- It is important that the student is prepared for online course requirements:
  - Online courses require a large time commitment from the student. Responsibilities include, but are not limited to, accessing chapter material, committing to assignments, participating in "online" lectures/ discussion boards, and keeping up with deadlines for all work and exams.
  - Course content moves quickly. A successful student is expected to be organized and on time for assignments, lectures, papers, projects, etc.
- Students should have a reliable computer with a reliable internet connection. Additionally, students are expected to be able to troubleshoot common computer issues without the assistance of the faculty member.
- Students should have a working knowledge of common computer programs such as : word processors, databases, spreadsheets, and basic internet navigation.
- Instructors expect you to read and understand the syllabus. The syllabus is a contract for the course. It will explain critical components of the course such as lecture schedule, assignment deadlines, test dates, etc.
- A typical 3-credit online course will require approximately twelve to fifteen (12-15) hours of study per week to complete successfully. This is the equivalent of a part-time job! A 4-credit science course will require about 20 hours of work per week. Before you decide to register for a hybrid/distance class, make sure that you will have the necessary time to spend studying to ensure success in the class.
- The academic requirements to successfully complete a hybrid/distance class are the same as those for the on-campus sections. However, since hybrid/online classes do not regularly meet with the instructor, ALL of the work is done at home.

## Specifics:

- Online course must be a University Park hosted course (Section # will begin with a "6")
- Online course must be a "full term course"; length of class must be 16 weeks for Fall/Spring, 5 weeks in Summer
- It is recommended that the student successfully complete at least one semester of face-to-face, dual credit courses before attempting an online course
